

100kw energy storage cabinet

Overview

What is the icon 100kW 215kwh battery storage system?

The iCON 100kW 215kWh Battery Storage System is a fully integrated, on or off grid battery solution that has liquid cooled battery storage (215kWh), inverter (100kW), temperature control and fire safety system all housed within a single outdoor rated IP55 cabinet.

Why should you choose an energy storage hybrid PCS cabinet?

Reliability: STS ensures uninterrupted power supply during grid transitions.
Scalability: Modular design allows easy expansion as energy needs grow. The Energy Storage Hybrid PCS Cabinet empowers businesses and industries to achieve sustainable energy management while adapting to changing operational demands.

How many battery cells are in a battery cabinet?

Each battery cabinet is with 240 battery cells in series with contactor, detective unit, sampling line, battery management systems, fuse, etc. BESS employs a sophisticated, multilevel battery management system (BMS) for system monitoring and control. Each battery management system including:

100kw energy storage cabinet

100kW DC200V~750V AC/DC power converter Energy Storage PCS Cabinet

The Energy Storage Hybrid PCS Cabinet empowers businesses and industries to achieve sustainable energy management while adapting to changing operational demands.
