

IMK CONTAINERS

100kw hybrid inverter factory in Belarus

Overview

What is a 3 phase industrial hybrid inverter?

The 100kW 3-Phase Industrial Hybrid Inverter is a powerful and scalable solution designed to meet the demands of large industrial energy systems. Supporting parallel operation of up to 4 inverters, it can be expanded to an impressive 400kW capacity, making it ideal for high-power applications.

How many lynx C batteries can a 100kW inverter run?

Each 100kW ETC Series inverter can be paired with up to 6 Lynx C batteries, allowing for a 100kW/936kWh energy storage system to meet various C&I scenarios. Meeting the needs of smaller systems, the ETC50kW inverter can be combined with three Lync C towers to form a 50kW/468kWh energy storage solution.

Is goodwe a top 3 hybrid inverter supplier?

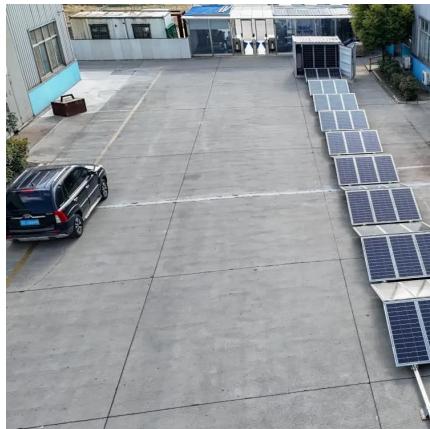

GoodWe has more than 4,600 employees situated in over 20 different countries and was regarded as the Global Top 3 hybrid inverter supplier by Wood Mackenzie in 2021. The company has an accumulative delivery of more than four million inverters and installation of 52 GW in more than 100 countries and regions.

Are etc/BTC 100kW inverters a good choice?

Building on the success of the ETC/BTC50kW series, the new ETC/BTC 100kW inverters ensure powerful backup, thereby delivering additional value to organisations with a strong reliance on uninterrupted power.

100kw hybrid inverter factory in Belarus

Hybrid and Retrofit Battery Inverters for C&I Energy Storage

GoodWe expands its C&I energy storage range with the 100kW ETC hybrid inverter and BTC retrofit battery inverter, scalable storage solutions for businesses.
