

1500w solar inverter for sale in New-Zealand

Overview

What is a 1500 watt sine wave inverter?

This is our top of the line 1500 watt pure sine wave inverter with build in charger (45A) from MUSTPOWER , it is the latest upgraded version of their inverter charger range, featuring new design, improved efficiency and option for remote display. It charges your batteries in 4 distinct stages, minimising charging time and maximising battery life.

How much power does a sine wave inverter provide?

Read 17 Reviews. Same page link. This pure sine wave inverter is capable of providing 1,500W continuously and a 3,000W surge. Ideal for powering microwaves, power tools, TVs, and other power thirsty devices when you are away from mains power. It features a standard 240VAC mains outlet as well as a USB port (2.1A) to charge USB devices.

Why should you choose trade depot solar inverters?

Maximise your solar energy with high-performance inverters from Trade Depot. Convert and manage power efficiently for a dependable energy solution - NZ Wide Delivery.

What makes epsolar a good inverter?

This is EpSolar's latest inverter model with a bunch of features you can't go wrong with. Some of these include input and output electrical isolation, adoption of advanced SPWM technology (pure sine wave output), low no load consumption of power, high conversion efficiency, input voltage (low or high) protection and over temperature protection.
