

# 1MW Mobile Energy Storage Container Purchase Guide

## Overview

---

What is a 1MWh energy storage system?

The 1MWh Energy Storage System consists of a Battery Pack, a Battery Management System (BMS), and an AC Power Conversion System (PCS). We can tailor-make a peak shaving system in any Kilowatt range above 250 kW per module. For applications over 1MW these units can be paralleled.  
Features: Features of the Battery Management System (BMS):.

What is a Megatrons 1MW battery energy storage system?

MEGATRONS 1MW Battery Energy Storage System is the ideal fit for AC coupled grid and commercial applications. Utilizing Tier 1 280Ah LFP battery cells, each BESS is designed for a install friendly plug-and-play commissioning. Each system is constructed in a environmentally controlled container including fire suppression.

What is a containerised energy storage system (BESS)?

Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects. The energy storage containers can be used in the integration of various storage technologies and for different purposes. For installation manual, technical datasheet, inverter adjustment/testing or configuration, please send us inquiry.

What is Sunway ESS battery energy storage system (BESS)?

Sunway Ess battery energy storage system (BESS) containers are based on a modular design. They can be configured to match the required power and capacity requirements of client's application. Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects.

## 1MW Mobile Energy Storage Container Purchase Guide
