

Abkhazia Uninterruptible Power Supply Agent

Overview

Why is Russia supplying electricity to Abkhazia?

Russia begins humanitarian electricity supply to Abkhazia amid severe power shortages caused by low water levels at Enguri Dam.

Does Abkhazia have electricity?

“Currently, there is no electricity throughout the entire territory of the republic.” Abkhazian authorities said Russia suspended its financial aid to the cash-strapped region on Dec. 5, including crucial funding for the energy sector.

Why did Abkhazia have a power outage?

Abkhazia, located along the Black Sea and bordering Russia’s Krasnodar region, has faced prolonged power outages since early December. Low water levels at the Enguri hydroelectric dam, the region’s primary energy source, forced an emergency shutdown, leaving residents with 9-11 hours of daily outages.

Why did Georgia leave Abkhazia without electricity?

Dmitry Feoktistov / TASS Georgia’s breakaway region of Abkhazia was left without electricity Wednesday as critically low water levels triggered an emergency shutdown at its hydropower station and Russia allegedly withheld millions in financial aid.
