

Battery cabinet back wall

Overview

What is a battery cabinet / rack?

EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accommodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed flexibly to save the space in battery room.

What is outdoor battery enclosure?

The outdoor battery enclosure is a housing, cabinet, or box that can be used outdoor and specifically designed to store or isolate the battery and all its accessories from the external environment. Outdoor battery enclosures keep your batteries safe from weather and safe from theft.

What are Arimon battery cabinets?

Arimon uninterruptible power supply (UPS) backup battery cabinets are available for either front access batteries or top terminal (monobloc) batteries. All battery cabinets are constructed from heavy gauge steel with a durable welded frame and acid resistant powder coated finish available in a wide range of colors.

Why do we need a backup battery cabinet?

Through cutting-edge research and innovation, advanced engineered power products for backup battery cabinets have become essential to our energy future. When the power goes out, battery backups ensure that the Internet, cloud-based data, financial and health records stay accessible.
