

# **Brasilia solar Energy Storage 100kw Inverter**

## Overview

---

Which Solis Inverter models are available for Brazil?

Solis's New Models for Brazil Solis has launched two advanced inverter models for Brazil: the S6-EH3P (30-50)K-H and the S6-EH2P (5-8)K02-SV-YD-L. These new models will bring significant improvements to energy storage and power management for residential and commercial customers.

Does GoodWe offer a battery inverter?

GoodWe, a world-leading inverter manufacturer and energy storage solutions provider, has expanded its C&I energy storage solutions portfolio with two new additions: the ETC 100kW hybrid inverter and the BTC 100kW retrofit battery inverter, both of which can be coupled with GoodWe high-voltage battery system Lynx C (101kWh - 156kWh).

Who are Solis solar inverters?

Solis is one of the world's largest and most experienced manufacturers of solar inverters supplying products globally for multinational utility companies, commercial & industrial rooftop projects, and residential solar systems.

Why is Brazil a good place to use solar energy?

As one of the largest economies in Latin America, Brazil is highly reliant on hydropower, which can be volatile during droughts, leading to power shortages and higher energy costs. However, Brazil has a huge solar potential, especially in sunny areas, which makes it one of the preferred places to utilize solar energy.
