

Bucharest PV energy storage inverter prices

Overview

Who are the top solar companies in Romania?

Romania's solar arena is moderately concentrated, with Photon Energy Group and Enel Green Power Romania anchoring the top tier, while Nofar Energy, Econergy, and NextE Renewable are expanding aggressively. International developers form local joint ventures to navigate the permitting and community engagement processes.

What is Romania's largest single-site solar project?

September 2024: PPC Renewables initiated the construction of a 727 MW solar project in Dolj County, representing Romania's largest single-site solar installation with a total investment of EUR 400 million.

How much money does Romania spend on renewables?

Romania's National Recovery and Resilience Plan allocates EUR 2.8 billion to renewables, with an additional EUR 400 million from the Modernisation Fund dedicated to solar and wind energy. Contracts already cover 831 public-sector PV projects, totaling 296.76 MW, and are backed by €367.6 million in grants.
