

Budapest container solar panels generate electricity

Overview

Will Hungary build a solar factory in Northern Hungary?

There are plans to open a factory dedicated to building solar panels in Northern Hungary, representing an investment of 18.9 billion forints (nearly 6,000,000 USD). This new rapid growth can be attributed to Hungary choosing to follow in the footsteps of the European Union, which hopes to have 30+ percent renewable energy by 2030.

How much solar power does Hungary have?

State secretary for energy transition of the Energy Ministry Viktor Horvath noted that Hungary had built more than 8,000MW of solar capacity in the past 5-6 years and one-quarter of the electricity generated in the country came from renewable sources last year.

How much money will the battery energy storage project receive?

The battery energy storage project will receive a HUF 2.7bn grant from the European Union's Recovery and Resilience Facility (RRF) and HUF 5.6bn in investment incentive funds from the Ministry of Foreign Affairs and Trade, Peter Archibald Schubert, managing director of Mol Exploration and Production Hungary said.

Who is the general contractor of met Duna energiaszolgáltató?

The power plant's general contractor is Alteo Energiaszolgáltató. Met Duna Energiatároló has inaugurated 40MW battery storage at the Dunamenti Power Plant in Százhalombatta.
