

Camping outdoor power charging

Overview

For this review, our camping expert tested and reviewed the best power banks for camping to keep your devices charged while you're outdoors.

Do portable power stations make camping better?

A good portable power station makes camping better. These devices power lights, phones, and small appliances when you're outdoors. We spent three months testing power stations to find the best portable power stations for camping. We tested 30 portable power stations over 12 camping trips.

Why should you choose a portable charger for a camping trip?

Camping trips often mean disconnecting from the grid, but staying powered is essential. Portable chargers with high capacity and fast charging can make your adventure hassle-free. Options like solar-powered chargers are great for sustainable energy use. Many feature built-in flashlights, making them versatile for outdoor activities.

What is the best battery charger for camping?

If you're camping, wrap them in your clothes or even keep them in your sleeping bag so they stay warm. One of the most innovative bits of outdoor kit we've seen recently, The Charge AnyWay from GP Batteries is a 2-in-1 battery charger and power bank. It comes with 4 x nifty RecyKo+ rechargeable AA batteries.

Are solar chargers good for camping?

Solar chargers harness sunlight to recharge, ideal for camping without electricity. They provide reliable power for phones and gadgets. Many models, like the Sudrov and OHOVIV, offer fast charging, multiple device support, and durable designs. This ensures uninterrupted access to essential technology during outdoor adventures.
