China high voltage switchgear in Dominica

Overview

What is a Doho HV switchgear?

DOHO HV switchgear products are designed for installation in locations with high voltage systems such power transmission and distribution. We are among the preferred high and low voltage switchgear companies by electrical businesses around the world, with clients from more than 60 countries and growing.

Who is Doho electrical equipment & switchgear?

DOHO is one of the top electrical equipment and switchgear companies in the world, specializing in the production of low-voltage and medium-voltage switchgear as well as key components such as circuit breakers, relays, contactors, and protectors.

What is a low voltage switchgear?

DOHO low voltage switchgear is designed for safe and reliable distribution of electrical power in residential, commercial, and industrial applications. This type of switchgear is available in a variety of configurations, including circuit breakers, contactors, fuses and other components.

What is SRM series Meidum voltage switchgear?

SRM series meidum voltage switchgear, with a rated voltage from 10-40.5kv, is a type of SF6 gas insulated switchgear. We're well-known as one of the leading switchgear manufacturers in China for our quality products and good service. Please feel free to buy bulk switchgear at competitive price from our factory.
