Democratic Republic of Congo 5G base stations are rarely used

Overview

Which telco operates in the Democratic Republic of Congo?

In DRC, Orange has more than 15 million subscribers, and more than 3,400 sites. South African-based Vodacom, which is a subsidiary of UK telco Vodafone, operates in several other African markets, including the Democratic Republic of Congo, Egypt, Ethiopia, Kenya, Lesotho, Mozambique, and Tanzania.

Did Vodacom & Orange conduct 5G tests in DRC in 2023?

Vodacom and Orange carried out 5G tests in DRC in 2023. Subscribe to The Telecoms & Connectivity Channel for regular news round-ups, market reports, and more.

What is orange & Vodacom doing in Africa?

Orange and Vodacom have joined hands to form, a first of its kind, rural towerco partnership in Africa. Through this partnership, the companies will collaborate to build, own, and operate solar-powered mobile base stations in underserved areas of the Democratic Republic of Congo (DRC).

How will the DRC telcos support a new solar-powered base station?

According to the telcos, the JV will extend network coverage for up to 19 million people in less densely populated rural areas of the DRC. To support the connectivity plans, the duo have pledged to jointly build up to 2,000 new solar-powered base stations over the next six years, which will provide 2G and 4G connectivity.
