

# Factory price axpert inverter in South-Africa

## Overview

---

What is axpert solar inverter?

Axpert inverters are an MKS sine wave solar inverter equipped with MPPT charge controller to maximize and regulate DC power from the solar array for charging the battery bank. Transformerless design provides reliable power conversion in a compact size.

What is an Axert inverter?

The Axpert inverter range offers an “All in one” solution to your off-grid solar power solutions. Built-in MPPT. Axpert Inverters Cape town.

What is a Xpert inverter?

The Axpert inverter range offers an “All in one” solution to your off-grid solar power solutions. Its comprehensive LCD display offers user-configurable and easy-accessible button operation such as battery charging current, AC/solar charger priority, and acceptable input voltage based on different applications.

What is a sun pays solar inverter?

The Sun Pays solar inverters offer dependable power at lower prices, ideal for off-grid and hybrid systems in South African homes, farms, and businesses. These 5kW to 10kW pure sine wave inverters are built for harsh load shedding conditions, with options that include MPPT solar charge controllers, Wi-Fi monitoring, and parallel support.
