

# **Factory price main switchgear in Bangkok**

## Overview

---

Why should you choose GE switchgear?

The equipment is high reliability and for using with all kinds of load especially medium voltage capacitor. With our local partner we also do medium voltage switchgear licensed from Siemens, we also import previous GE industrial solution switchgear.

What are the key features of a modular switchgear?

Key features- Minimal maintenance- No live parts exposed- One full range up to 40.5 kV- Module width: 325mm for 12-24kV, 420mm 36kV- Optional arc suppressor: No gases are released even in arc fault cases- Optional fully modular switchgear.

What types of panel boards are made in Thailand?

We also do all kinds of panel boards made in Thailand. They are Relay Board (swingrack type), marshalling board, DC distribution board, Console Rack, Junction Box and etc.

What is a safeplus switchgear?

The switchgear has unique flexibility due to its extendibility and the possible combination of fully modular and semi-modular configurations. SafePlus is from the same product family as SafeRing and has an identical user interface. SafePlus is a completely sealed system with a stainless steel tank containing all live parts and switching functions.
