

# Gigawatt-scale solar energy

## Overview

---

Who is GigaWatt Global Coöperatief?

Gigawatt Global Coöperatief U.A. is a multinational renewable energy company focused on the development and management of utility-scale solar fields in emerging markets. Gigawatt Global has a rich pipeline of renewable energy projects, providing solar, wind and hydro electricity, mostly in Africa.

What is the largest solar energy storage system in the world?

Delivering up to 1 gigawatt of baseload power every day generated from renewable energy, the UAE's latest project will be the largest solar and battery energy storage system in the world.

How will the solar power and battery storage project impact the economy?

The record-breaking solar power and battery storage project will create over 10,000 new jobs, driving innovation and economic growth

## Gigawatt-scale solar energy

### World's first 24/7 solar PV, battery storage gigascale project ...

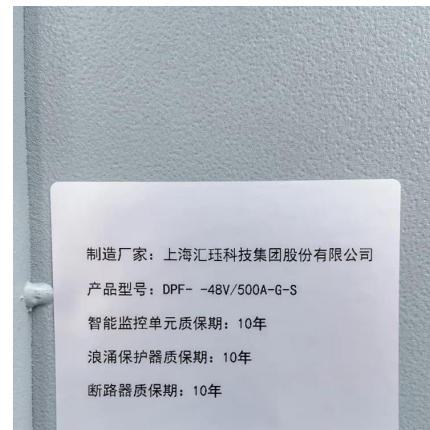

Delivering up to 1 gigawatt of baseload power every day generated from renewable energy, the UAE's latest project will be the largest solar and battery energy storage system in ...
