

# Huawei Canberra rooftop solar panels

## Overview

---

Is Canberra a good place to install solar panels?

Canberra is an ideal location for solar energy, with most rooftop panels receiving 4.8 to 5 hours of sunlight daily. Installing solar panels can help the ACT Government meet its goal of 100% renewable electricity by 2045, while also earning credits from feed-in tariffs and benefiting from tax savings.

How many approved rooftop solar products are there in Australia?

There are currently 4,829 approved rooftop solar, inverter and storage products across Australia, which represents a 33 per cent decrease compared to the previous bi-annual report, largely due to changes in standards causing many listings to expire over a short period. A breakdown of the number of each product type is seen below.

Who are Canberra's best solar panel installers?

Updated 19 August 2025 | By John Murtagh Huglo Solar, one of Canberra's most recommended solar panel installers. Photo: Thomas Lucraft. If you're a homeowner tired of paying thousands of dollars a year for power, chances are you've thought about adding solar panels to your roof.

How much does it cost to install solar panels in Canberra?

Homeowners will get 50% of the total cost or up to \$2,500 for installing rooftop solar panels in Canberra and throughout the ACT. ceiling insulation.
