

Huawei Kuala Lumpur container energy storage box

Overview

How will Huawei & openre help Malaysia's energy-storage ecosystem?

Huawei Malaysia Vice President Chong Chern Peng said the partnership strengthens Malaysia's energy-storage ecosystem by integrating digital innovation with clean power solutions. Huawei will provide Smart PV and BESS technologies, while OpenRE contributes AI-based energy management software and user support.

What will Huawei Malaysia do?

The third focus area of the collaboration is the joint cultivation of local talent in green energy technologies. Huawei Malaysia will play a key role in providing training in solar PV systems, battery storage, and electric vehicle (EV) charging technologies.

Who is solarvest & Huawei Malaysia?

Solarvest will take the lead as the Clean Energy Developer, responsible for the development and EPCC (Engineering, Procurement, Construction, & Commissioning) of renewable energy projects, while Huawei Malaysia will lend its technology and expertise to support the success of these projects.

How will Huawei Malaysia contribute to Malaysia's green economy?

Huawei Malaysia will play a key role in providing training in solar PV systems, battery storage, and electric vehicle (EV) charging technologies. This will help create a skilled green workforce that is ready to support Malaysia's green economy. "Our collaboration is more than achieving energy goals, it is an investment to the future of Malaysia.
