

# Huawei South Sudan solar Glass Industry

## Overview

---

Will Huawei build new solar power stations in Sudan?

“The Huawei delegation revealed the company’s intention to implement a huge project to build new solar power stations. to enhance Sudan’s renewable energy sources,” the statement said. Sudan’s power infrastructure has been severely damaged during the ongoing conflict.

Will China build a solar power station in Sudan?

July 2, 2025 (PORT SUDAN) – China’s Huawei has proposed building solar power stations in Sudan with a capacity of over 1,000 megawatts (MW), the country’s energy ministry announced on Wednesday, as the conflict-hit nation struggles with extensive damage to its power grid.

Did Huawei propose a new oil & gas deal in Sudan?

The proposal was presented during a meeting in Port Sudan between a Huawei delegation, led by Business Marketing Director Wang Yanlin, and Sudan’s Undersecretary of Energy and Oil, Mohieldin Naim, the ministry stated.

What has happened to Sudan's power infrastructure?

Sudan’s power infrastructure has been severely damaged during the ongoing conflict. The paramilitary Rapid Support Forces have bombed electricity transmission and distribution stations, and thermal plants in the capital, Khartoum, have also sustained widespread damage. The destruction has led to a surge in the use of small-scale solar energy.
