# Huawei buys energy storage vehicles at affordable prices

## Overview

---

Are Huawei & SAIC planning a new energy vehicle production base?

According to the reports, Huawei and SAIC are now penning agreements with the Lingang New Area to create a new line of energy vehicles (EV) and battery plants to power them. The aim of this agreement with the Lingang in Shanghai's free trade zone is to build the "Shangjie High-end Intelligent New Energy Vehicle Production Base".

Is Huawei a state-owned enterprise?

(4) In Huawei's case, the fact that the trade union committee holds 99% of Huawei's shares as a "shareholding vehicle" does not prove that Huawei is an enterprise controlled or even owned by the state, and the view that Huawei is a state-owned enterprise via trade union control is not valid. 2.

Is Huawei a good company to buy a car?

"The other is the intelligent car selection mode. Huawei not only participates in product modeling, interior design and intelligent solutions, but also is responsible for marketing and sales of cars. A typical example is its cooperation with Seres, which has proved to be highly successful," Zhong said.

What does Huawei do for a living?

Huawei not only participates in product modeling, interior design and intelligent solutions, but also is responsible for marketing and sales of cars. A typical example is its cooperation with Seres, which has proved to be highly successful," Zhong said. [masi@chinadaily.com.cn](mailto:masi@chinadaily.com.cn)
