

Hungarian lithium energy storage power supply manufacturer

Overview

What are the top 10 battery manufacturers in Hungary in 2025?

This article introduces the top 10 battery manufacturers in Hungary in 2025 such as; CATL, Sunwoda, BYD, EVE Energy, CALB, SK On, Samsung, SDI, GS Yuasa, Inzi Controls, Huayou Cobalt. Last Updated on June 12, 2025.

Does Samsung have a battery factory in Hungary?

Samsung SDI, the battery manufacturing arm of Samsung, is expanding its presence in Hungary to meet the growing demand for electric vehicle (EV) batteries. The company is currently expanding its second battery factory in the country, with completion expected by September 2024.

Why is Samsung building a second lithium battery plant?

In lithium battery technology, Samsung leads innovation and is building a second battery plant in the U.S. to advance energy storage. These batteries will feature higher energy density, longer life cycles, and improved safety, making them crucial for EVs and other applications.

Will BMW build a new class electric vehicle in Hungary?

EVE Energy has announced plans to build its first European factory in Debrecen, Hungary. This facility will supply BMW with large cylindrical cells for their upcoming “New Class” electric vehicles. The factory is expected to have an annual capacity of 28 gigawatt-hours and aims to commence operations in 2026.
