

Inverter 60v70v universal

Overview

What motor types does the Universal inverter support?

The Universal Inverter supports not only the standard motor types PMSM and IM, but also EESM. A guided workflow via the software as well as automatic test procedures guarantee easy setup of motor types and sensors. Previous configurations can be accessed from the e-motor library.

Why should you choose a universal inverter?

The fast 1 MHz control via FPGA (field-programmable gate array) technology complements the solution and provides superior control. The Universal Inverter supports not only the standard motor types PMSM and IM, but also EESM. A guided workflow via the software as well as automatic test procedures guarantee easy setup of motor types and sensors.

What is spectra Universal inverter?

The flexible SPECTRA Universal Inverter can be used to test various motor types and offers unique performance. It can be integrated easily within every automation tool and the user is guided through the inverter configuration process. A minimum amount of motor data is needed to be able to start with testing.

Does Deye full series inverter support remote shutdown?

Thanks to the smart monitoring platform, Deye full series inverter products support remotely shutdown immediately when accident occurs. Setting parameters and FW update remotely, which makes PV plant O&M easier. Max. Charging Current (A) Max. Discharging Current (A) Max. PV Access Power (W) Max. PV Input Power (W) Max. PV Input Voltage (V)
