

Montenegro mobile energy storage power supply manufacturer

Overview

Is Montenegro launching its first battery energy storage tender?

Montenegro's Elektroprivreda Crne Gore (EPCG) has upped the ante for its first battery energy storage tender. In a pioneering move for state-owned utilities in the Balkans, Montenegro's largest power utility, EPCG, is planning to launch a large-scale, battery energy storage procurement exercise by the end of 2024.

Will Kapino Polje install a 5 MW battery energy storage system?

The utility has also decided to install a 5 MWh battery energy storage system alongside its proposed Kapino Polje solar power plant, which would have 5 MW of installed capacity.

Will EPCG deliver 185 MWh of battery energy storage capacity?

In September, EPCG said it was looking to deliver 185 MWh of battery energy storage capacity across four locations. Its stated goal was to use the existing infrastructure for connection to the grid.
