

New Energy Battery Production Pack

Overview

Who is new energy?

New Energy Ltd is a professional battery pack designer and manufacturer with more than 20 years of experience. We serve the industry in Europe and in the USA making innovative products with technology, enthusiasm and passion. Our core experience is based on years of operations handling Li-Ion battery packs, the core of today mobile energy.

What are the technical parameters of intelligent battery pack?

Intelligent battery pack finished product handling and packaging system. 3: Technical Parameters: Total production line length: 16 meters. Production capacity: Up to X battery packs per hour (customizable). Precision level: ± 0.1 mm positioning accuracy. Processing efficiency: 99.5% uptime.

What is FHS power battery module pack?

The FHS power battery module PACK production line offers a complete range of product categories, including CTP series power battery module pack intelligent manufacturing solutions, blade power battery module pack intelligent manufacturing solutions, and CTC series intelligent manufacturing solutions.

Who is extrasolar new energy?

Extrasolar New Energy is a Lithium battery, LiFePO₄ battery, NCM battery, battery pack, and energy storage system manufacturer in China.

New Energy Battery Production Pack

[New Energy Automation](#)

With over a decade of experience in developing manufacturing equipment and delivering high-standard, intelligent projects for global clients, FHS excels in providing production equipment and quality control for ...
