

# Outdoor power socket monitoring

## Overview

---

What are outdoor smart plugs?

Outdoor smart plugs are the best way to make your home or office more energy efficient. They use your existing power outlet to connect to the internet and help you monitor and control your appliances remotely.

How do I choose a Smart Outdoor plug?

Most outdoor outlets have a protective cover to shield them from the elements. A smart outdoor plug's prongs should be able to fit easily into the outlet, and allow you to close the cover. The smart outdoor plug should also be flexible enough to allow you to use both receptacles in the outlet.

What is iSocket smart socket?

Read more iSocket Smart Sockets (or Smart Plugs) are intelligent sockets designed for different purposes: to switch or reboot electrical equipment remotely from anywhere in the world, to monitor power and report power failures to your mobile phone, and to monitor different environmental elements, such as temperature.

What is a ring outdoor smart plug?

The Ring Outdoor smart plug is a massive brick. At the bottom are two plugs, each protected by a rubber flap. At the top is a 6.5-inch cord that's long enough to plug the Ring into an outdoor outlet, while still being able to close your outlet's door.
