

# Payment Method for 1MW Mobile Energy Storage Container

## Overview

---

What is a 1MWh energy storage system?

The 1MWh Energy Storage System consists of a Battery Pack, a Battery Management System (BMS), and an AC Power Conversion System (PCS). We can tailor-make a peak shaving system in any Kilowatt range above 250 kW per module. For applications over 1MW these units can be paralleled.  
Features: Features of the Battery Management System (BMS):.

What is a containerised energy storage system (BESS)?

They can be configured to match the required power and capacity requirements of client's application. Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects. The energy storage containers can be used in the integration of various storage technologies and for different purposes.

What is Sunway ESS battery energy storage system (BESS)?

Sunway Ess battery energy storage system (BESS) containers are based on a modular design. They can be configured to match the required power and capacity requirements of client's application. Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects.

## Payment Method for 1MW Mobile Energy Storage Container
