

Philippines Cebu Solar Mobile Charging System

Overview

Does acmobility offer EV charging in the Philippines?

Apart from being the local distributor of BYD in the Philippines, ACMobility has been an active player in the development of local EV charging infrastructure. The Ayala subsidiary now makes a move to expand its network of chargers beyond Luzon with the activation of 16 EV charging locations in the island province of Cebu.

Does Ayala have EV charging stations in Cebu?

The Ayala subsidiary now makes a move to expand its network of chargers beyond Luzon with the activation of 16 EV charging locations in the island province of Cebu. The launch of the new stations coincided with the BYD Tech Tour at SM Seaside City Cebu from April 25 to 27.

How many EV charging locations are there in Cebu?

ACMobility has activated 16 new EV charging locations in Cebu, coinciding with its BYD Tech Tour in the province. More details inside.

Is Cebu a good EV charging partner in Visayas?

“As Cebu takes the lead in the Visayas region, we are building a reliable and inclusive EV charging network that caters to the increasing demand for sustainable mobility.” By the end of 2025, the company aims to have established charging stations at over 35 strategic locations in Visayas.
