

Sierra Leone Solar Container 25kW

Overview

Where is the 50MW Planet Solar PV project located in Sierra Leone?

The 50MW Planet Solar PV project is split in four different locations in Sierra Leone, consisting of a 12MW power plant under construction in BO/Kenema, a 4.05 MW (DC) power plant to be constructed in Port Loko, a 25MW power plant under construction in Makoth and a 10MW power plant under construction in Kono.

Does Sierra Leone have a solar project?

Sierra Leone launches the World Bank-backed RESPITE solar project, bringing clean energy to 28 underserved communities and boosting economic growth.

How will solar power help Sierra Leone achieve its energy goals?

Solar power, along with large-scale solar farms and hydroelectric projects, will be central to achieving this target. These efforts are part of Sierra Leone's broader strategy to diversify its energy mix and reduce its reliance on fossil fuels.

How has Sierra Leone improved electricity access?

Sierra Leone has taken a significant step toward improving electricity access with the launch of the Regional Emergency Solar Power Intervention Project (RESPITE).
