

Smart Uninterruptible Power Supply in Manchester UK

Overview

What is a Smart-UPS ultra?

Thanks to Smart-UPS Ultra's compact size, back-office network infrastructure support is a breeze. With its out-of-the-way mounting options and increased power, this high efficiency UPS can be installed in edge computing environments, retail or back offices. The ultra-high density Smart-UPS Ultra supplies up to 10,000 watts of power protection.

Who do you partner with for uninterruptible power supplies?

We only partner with suppliers who meet our stringent supply chain standards for quality (ISO 9001), health and safety (ISO 18001), and environmental management (ISO 14001). Browse our full selection of uninterruptible power supplies or contact us today if you have any questions regarding our range. Call 0800 088 5412.

Where can a Smart-UPS ultra be installed?

Versatile enough to be deployed anywhere, the single-phase Smart-UPS Ultra can be installed on the wall or ceiling for top-tier flexibility. It's long-lasting as the increased UPS battery life and lower maintenance services provide a lower total cost of ownership over 10 years.

Does Smart-UPS Ultra have a secure NMC subscription?

To help reduce connected devices' exposure to cyber threats from day 1, a 1-year Secure NMC subscription is included with your Smart-UPS Ultra. For sophisticated multi-device vendor-neutral monitoring and management, upgrade to EcoStruxure IT Expert, providing remote visibility and protection of critical IT equipment.
