

Solar Dealer System

Overview

What is the solar dealer program?

The Solar Dealer Program (SDP) was created to help solar companies connect with customers and sell more solar PV systems. The program provides marketing and technical support to participating solar dealers, who sell and install solar PV systems.

How do I get a solar dealer program?

You'll need to find a reputable solar company that offers dealer programs in your area. Once you've found a few companies that you're interested in, you'll need to contact them and inquire about their dealer program requirements.

How to become a wholesale solar panel dealer?

There are several ways with which you can create a professional relationship with wholesale solar panel suppliers and manufacturers. Tradewheel.com is a renowned b2b marketplace that can help you in becoming a solar panel dealer by sourcing products from its extensive product directory.

How can a solar dealer use the SDP logo?

Solar dealers can use the SDP logo and materials in their marketing, and they receive training and support from the Solar Energy Industries Association. Solar power is a renewable energy source that is quickly becoming more popular and more affordable.
