

Solar system cost

Overview

How much does a solar panel installation cost?

“Generally in the United States, the average cost of solar panel installation will be between \$15,000 and \$30,000,” explains Krystal Persaud, cofounder of Wildgrid Home, an online home electrification education platform designed to assist homeowners in transitioning away from fossil fuels. Of course, this number represents a large range.

How much does a solar system cost?

Mounts and racking typically represent around 10% of the total cost of an average solar system. For a \$10,000 solar system, the racking system would cost approximately \$1,000. Prices can vary based on racking type, equipment quantity, and installation labour costs.

Do solar panels cost more?

In terms of cost, national companies were shown to provide higher quotes than local installers 70% of the time, and those quotes were on average 10% higher, per a study by the National Renewable Energy Laboratory. How long do solar panels last?
