

IMK CONTAINERS

Sukhumi energy storage module equipment manufacturer

Overview

Who is Tu Energy Storage Technology (Shanghai)?

Safe operation and system performance optimization. TU Energy Storage Technology (Shanghai) Co., Ltd., founded in 2017, is a high-tech enterprise specializing in the research and development, production and sales of energy storage battery management systems (BMS) and photovoltaic inverters.

What is a residential energy storage system?

Our residential energy storage systems allow homeowners to store the energy produced by their solar panels during the day and use it at night or during periods of low sunlight. With our energy storage systems, residents can reduce their dependence on the grid and enjoy greater energy independence.

What types of energy storage solutions do you offer?

We offer commercial and industrial energy storage system solutions. Our air-cooling and liquid-cooling ess cabinets are safe, all-in-one solutions that are easy to maintain. Designed to meet a variety of energy storage needs, click to learn more about how our energy storage solutions can benefit your business.

What is the upstream of the electrochemical energy storage industry chain?

The upstream of the electrochemical energy storage industry chain mainly consists of various raw material suppliers, including positive and negative pole materials, electrolytes, battery diaphragms, electronic components, special auxiliary materials, etc.
