

# Supercapacitor manufacturer in Lesotho

## Overview

---

Who makes supercapacitor products?

Supercapacitor products are offered by the company under its Industrial Solutions segment. The company's supercapacitor products are used in automotive, energy, and oil & gas applications. Maxwell Technologies.

What is the global supercapacitor market?

Supercapacitors, also known as ultracapacitors, are becoming a critical component in modern energy storage solutions. According to Statistics MRC, the Global Supercapacitor Market is accounted for \$5.08 billion in 2024 and is expected to reach \$11.16 billion by 2030 growing at a CAGR of 14.0% during the forecast period.

Who is ZTT supercapacitor?

ZTT Supercapacitor mainly engages in the manufacture of supercapacitor cells and modules energy storage systems, and open-cell aluminum forms. Superb-S applies to the automotive vehicles for the next generation, communication equipment, IoT, and the industrial equipment of the worldwide customers.

What are supercapacitors & how do they work?

Supercapacitors, or ultracapacitors, are state-of-the-art energy storage devices that have the potential to completely transform a number of different industries. Unlike traditional batteries, supercapacitors can charge and discharge rapidly, making them ideal for applications that require quick bursts of energy.
