

Wall-mounted outdoor energy storage Ig

Overview

What is LG flex battery storage system?

LG FLEX is the elegant battery storage system for your PV system that can be flexibly mounted on the floor or wall. With efficient and long-lasting battery cells from LG Energy Solution. Attach LG FLEX to the wall in up to 36 configurations or simply install it on the floor.

Why should you choose LG Energy Storage Systems?

LG is proud to lead the charge toward a greener future with stylish and dependable electrification solutions. With our all-in-one Energy Storage Systems, we're committed to providing more reliable, renewable energy to power your home when you need it and peace of mind when you don't. Home is where the 'smart' is.

What is a LG wall mount unit?

LG Wall Mount unit is a powerful cooling and heating solution that can be installed quickly and easily. Ideal solution for server rooms, machine rooms and kitchens. The bottom cover is detachable when needed, making installation easier. Disassembly or additional support of the unit is unnecessary.

What is LG Home 8 energy storage system?

Home is where the 'smart' is. The all-in-one LG Home 8 Energy Storage Systems (ESS) is engineered to store and provide your home up to 14.4 kWh of usable energy from solar panels or AC-coupled power. And with energy efficient solutions, you can rest easy knowing your home is future-proofed with reliable backup power for ultimate peace of mind.
