Waterproof Folding Container for Fire Stations

Overview

What is a folding water tank?

Fol-Da-Tanks Fol-Da-Tank Company patented the first folding tank in 1954 and introduced it to firefighters who immediately recognized its value and quality. Foldable tanks are the practical answer as an extra water supply for rural and forestry needs. The tanks come in 9 standard sizes with steel or aluminum frames available.

What is a fire water tank?

Fire water tanks are essential when fighting fire in rural areas. Collapsible water tanks like folding frame tanks come with a rigid outer frame and a flexible, durable inner liner designed to withstand the rigor of outdoor use. Our fire fighting tanks come in several options for liner fabric and sizes—depending on your exact specifications.

What are the options for folding frame fire fighting drop tanks?

Folding frame fire fighting drop tanks have numerous options. Replacement liners and frames are available to fit all sizes. Additionally custom liners and frame can be made new. Patch kits are available for folding frame tanks. These patch kits include:

Are folding frame tanks good for first responders?

While folding frame tanks are excellent reliable water sources for first responders, they are not the only means of fire suppression. We carry a multitude of fire fighting tools that can help first responders. Water trailers and water skid sprayers provide excellent water pressure and fire suppression capabilities.
