

WbeBattery Energy Storage

Overview

What is the battery and energy storage industry (WBE)?

The WBE covers the entire value chain of the battery and energy storage industry—from raw materials and cell manufacturing to safety systems and battery recycling. Exhibits include solutions for photovoltaic and wind power storage, high-performance batteries for e-mobility, testing and safety technologies, and specialized manufacturing equipment.

Where is the world battery industry expo WBE?

The World Battery Industry Expo WBE fair takes place in Guangzhou, at the Canton Fair Complex. When is the World Battery Industry Expo WBE taking place?

Visit the World Battery Industry Expo WBE from 16. - 18. September 2026.

What are the key components of the battery & energy storage industry?

The exhibition also features key components such as cathode and anode materials, electrolytes, separators, as well as production and testing equipment. The WBE covers the entire value chain of the battery and energy storage industry—from raw materials and cell manufacturing to safety systems and battery recycling.

What is the 'Canton Fair of battery and energy storage'?

Dubbed the “Canton Fair of Battery and Energy Storage”, this global flagship event spans 165,000 sq.m (13 halls) and features 2,000+ exhibitors and 6,000+ booths, attracting 200,000+ visitors from 50+ countries.
